

PARK AVENUE

Specification Sheet

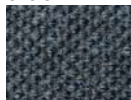

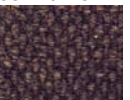

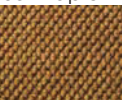

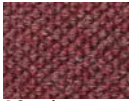

Application –	Indoor and outdoor.
Construction –	“Never-Fray” needlepunch construction eliminates the need for edging. Matting can be cut to any size or shape transitioning seamlessly from one to the next.
Texture –	Hobnail non-directional pattern.
Face Fiber –	100% Solution dyed UV stabilized polypropylene for maximum stain and fade resistance.
Face Weight –	37 oz/sq yd is 50% heavier than the average rental runner resulting in more water retention, durability, crush resistance, and aggressive soil removal.
Total Weight –	.5 lb per square foot.
Total Height –	(3/8) inches (variable).
Backing –	Modified rubber. Non yellowing and non staining. Easily rolls and unrolls flat while reducing mat “creeping” on hard floors.
Sizing –	Velcro available for use on carpet. Up to 13'-2" x 80' in a single piece enables us to manufacture any size or shape in the largest of lobbies.
Flammability –	Passed (DOC-FF-1-70) Pill test.
Water Retention –	(.57) gallons per square yard. Outperforms matting whose claim to fame is water retention.
3-Year Warranty –	100% in first year, 50% in second year, 25% in third year.
Installation –	Easy to self-install with a mat knife. Optional on site installation by a PROFORM certified master installer is available.
Storage Cores –	Optional Heavy Duty fiber storage cores insure that matting is ready to lay flat without curling. (Always store carpet side out.)
Edging Options –	<u>Safety Edging</u> : A 1.5" vinyl reducer which is applied with glue and stitched, with mitered corners and reinforced with vinyl corner supports.
Cleaning –	Regular vacuuming, carpet extraction or bonnet cleaning as needed.
